Condolence Book for the Dead in the War against Iraq

We present our names as a gesture of sorrow and mourning for all who died in the 2003 war against Iraq, many of whose names are known only to God. We offer our prayers for those bereaved or injured. We feel only grief and regret at the suffering caused to the people of Iraq by an illegal and immoral war. We believe that the most authentic way to remember those who have died is to commit ourselves to work for greater justice in the world and create peaceful, nonviolent means of resolving future conflicts.
