The Summer Camp brings young people from across the world to the beautiful location of Casa per la Pace (Peace House) in the hills outside the historic city of Florence. Together they will reflect upon the theme, *If you want to sow peace, protect creation*, through practical work, workshops, and visits to places of interest around the city of Florence and Tuscany.

- ◇ Manual work in the orchards, around the gardens and in the house

- ◇ Workshops and discussions exploring the link between peace and the environment.

And throughout everything there will be music, games, homemade Italian food, fellowship and much more.

**Eligibility:** The camp is for young people aged 18 - 30(ish)

**Cost:** £130 - Which includes accomodation, food and all activities but not travel to and from Casa per la Pace
