

Volunteering Opportunities 2010

A great way to deepen one's understanding of peacemaking is to take part in a common project. For summer 2010 Pax Christi sections and our partners offer a variety of voluntary opportunities, pilgrimages and work camps.

If you do take part in any of these events then do let us know how you get on (education@paxchristi.org.uk)

Summer School: Art of Creativity, Bethlehem

The Arab Educational Institute invites overseas volunteers to run workshops at their summer school. This event shows that the human soul cannot be suppressed by Walls and checkpoints. Concluding with a Sumud* festival near Rachel's tomb which uses the Wall as a stage, screen and canvas for creative arts.

* Arabic for steadfastness or persistence
